

IDENTIFYING THE 777,000 SPIRITUALLY GUIDED INDIVIDUALS

THE GOOD NEWS REVERBERATION related that only those individuals 21 years old, on or before December 2012 were eligible to be instrumental in transforming the world. However, we are now in the Age of Aquarius and everything has changed. What we said before still applies, namely that before birth many individuals chose to be the teachers of those that weren't ready to evolve. Even so, since the transmutation of the "Shadow of Deception," AKA "prince of this world", or Eckhart Tolle's Collective Pain-Body and the subsequent purification of the Soul Plane, everyone is ready to evolve. Consequently, the role of these individuals has changed. Yes, they are still here to help but now it as an example to show the way. Unfortunately, most people are unaware of the change and are still trapped in the illusion of the "Shadow's" plan, instead of following the Divine Plan. Nonetheless, the Dalai Lama's message on the *Seeds of Compassion* when he came to America is still applicable, as is the rest of the information below. So, we reiterate what Craig wrote in *THE GOOD NEWS REVERBERATION* that the 777,000 could be viewed as a "Body" of music:

The symphony is the plan of God (NO THING) moving Humanity in concert to perform the evolutionary jump occurring within the lifetime of most of us living. The Conductor is the Demiurge (Creator of the universe) working from the plan in unison with the mechanics of the universe defining the nature and structure of the jump.

We are the rhythm of notes forming the melodious body of music to the harmony of God's plan. This melodious body of music referred to is the body of Christ, not just Christians per say, but anyone who wants to be an instrument. The energy and harmony of this body of humanity must be perfect and moving as one for the defining moment of synchronization (last trump) with the transformation and jump to a new plane of evolutionary existence. Most of us have incarnated at this time to actively participate in the process...

WHO ARE THE 777,000

Should any of the above resonate with any reader then they may be awakening as one of the 777,000 or the Critical Mass number. If so then we invite them to become a point of light by joining the I.D.E.A. Foundation for the Benefit of Humanity. As a point of light, their name will be added to a map of the world showing the location of individuals as lights that are part of the solution.

Many may have trouble seeing themselves as an instrument of God, or as we have come to call Him or if you prefer Her *Great Spirit-Mind*, and find it a daunting proposition, as a result they may be unsure whether they are a member of the 777,000. In the "Know Thyself" page we asked: "Are You 1 of the 777,000?" This is because only the individual knows if they are or not. The best way of being absolutely certain is to ask *Great Spirit-Mind*.

For anyone who has read metaphysical material, they may prefer to think of *Great Spirit-Mind* as Spirit or the Higher Self. Whatever name is used, it doesn't matter because of course, the 777,000 are all asking for and following spiritual guidance.

WHAT IF I'M NOT ONE OF THE 777,000 CAN I STILL PARTICIPATE?

The answer is an unqualified YES! As we said, you can still be a point of light on the map of the world and you may become or already are one of the "Earth Angels". These individuals are already working to be a part of the solution. On our Web Site we acknowledge many of them in 7 categories and also link to Videos that honor their contributions to Humanity.

Earth Angels are diverse and live their lives in accordance with being part of solution. As in any organization there are many positions to fill. Some people may be content to do their part through volunteering and or supporting organizations that are working to make this world a better place. If you are one of these individuals then Thank God for you; the contribution you are making to the solution is definitely helping make a difference. You are the embodiment of an Earth Angel.

There are just 4 questions answered in the affirmative that helps identify someone as possibly one of the 777,000.

- Do I wonder why we are ALL here?
- Do I reject religious explanations of Divinity and yet still feel that there is something magical to life that hasn't been explained by either Religion or Science?
- Am I open to the concept that we live more than one life, and my body is not all there is to my consciousness or existence?
- Do I believe in the innate goodness of Humanity and that most people want peace and harmony for everyone?

If anyone answered all four questions in the affirmative they are most likely one of the 777,000. Gautama Buddha would describe them as traveling the "Middle Way." This person is not so dogmatically religious that they refuse to consider anything that appears to disagree with their Religion. Alternatively, they are not so steeped in the material world that if it doesn't involve any of the five senses then it is mere superstition.

DO I NEED TO BELIEVE IN GOD OR A SUPREME BEING?

That depends if the individual is open to the possibility of a Supreme Being. If they categorically refuse to consider anything Divine, then the answer would be: "No they are not ready." However, if they are 3 willing to consider that there is something more than just this earth then the answer is

“Yes.” We must emphasize that no one needs to be sure of anything; in fact, it will be easier for those who have not experienced indoctrination of any kind. All that is required is an open and inquiring mind that will examine everything with new eyes.

As for the individuals that we have said aren’t ready; we must add emphatically NOT READY NOW. That does not mean they won’t be ready very soon, just not now. There is no judgment involved everyone can still contribute by remaining a part of the solution.

The reason we say if they are not ready STOP, is because to take the next step involves being able to put all previous conclusions aside. It will necessitate a completely new way of looking at Consciousness-Evolution and “reality.” If after answering the above questions anyone feels they may be one of the 777,000 and are still open and feel moved to investigate further, then our living thesis, which we call the *Know Thyself Initiative*, could be for them. This thesis involves *The Mysteries* and is based mainly on the information on Ancient Wisdom for Now Page on our Site. This information is free to download and some may be content with just reading the information for themselves. However, in reviewing the material with our study group we found that they still had many questions about how to apply the information. Consequently, we developed the *Know Thyself Initiative*; before we get to how to register just a little background on the Initiative.

DO I NEED TO BE WELL EDUCATED OR INTELLIGENT TO PARTICIPATE IN THE INITIATIVE?

NO! The Initiative uses Divine Consciousness and Inspiration that is imparted to all that choose to involve themselves with it. We find that the Spiritually led people that get to this point in their journey will be compelled to seek the truth with an open mind and heart, which has nothing to do with education or intelligence. The Initiative content material was designed for the "layman", so to speak, and spiritual guidance will assist everyone with the desire to participate.

In 1994 we embarked on an in-depth study of why there was so much religious conflict. It seemed to us that the major religions of Judaism, Christianity and Islam all believed in the same “God” and so we investigated the origin of religion. This took us into the investigation of the origin of everything. Briefly, the most impacting information we discovered was that beneath ALL the world’s religions there was a common teaching, which was known as the Wisdom Religion. It was in the endeavor to uncover the content and substance of the Wisdom Religion that led to *The Mysteries* referred to in the Bible and many ancient writings. As we have repeatedly said, *The Mysteries* were teachings that were concealed throughout all the world’s religions and philosophies. Today modern science has recovered many of the teachings of *The Mysteries*, (although most don’t realize it) especially in quantum mechanics and the physics of sub-atomic particles.

KNOW THYSELF INITIATIVE

Not surprisingly, the picture above portrays the conscious state the world is experiencing today. The dark sky and barren ground symbolizes the dark consciousness that prevails in the world, which manifests as fear, despair, and hopelessness. The temple in the center represents the “Kingdom of God” within. The sun in the center of the temple is depicting the concept that each person has the Spirit inside him or her. The 7 steps rising to the sun represent the 7 stages that lead to the kingdom within.

The 777,000 involved in the Initiative were referred to in the New Testament by the Apostle Paul in Romans 8: 19-23: *“For the earnest expectation of the creature waiteth for the manifestation of the sons of God. For the creature was made subject to vanity, not willingly, but by reason of him who hath subjected the same in hope, Because the creature itself also shall be delivered from the bondage of corruption into the glorious liberty of the children of God. For we know that the whole creation groaneth and travaileth in pain together until now. And not only they, but ourselves also, which have the first fruits of the Spirit, even we ourselves groan within ourselves, waiting for the adoption, to wit, the redemption of our body.”*

One more thing before we get to the 7 stages, although the information in the Initiative causes real and permanent changes in the consciousness, it is not brainwashing. On the contrary, the Initiative is designed to develop an individual’s own inner teaching, not someone else’s. We are looking for the Shepherds, not the Sheep. With that said let’s review the 7 stages. The seven stages involved in *The Mysteries* are based on the concept of the “Kingdom of God” is within. This is best demonstrated by the spiral diagram below and is followed by a brief description of each of the seven stages.

To assist in the Initiative, we use the seven pillars we received to guide our journey. They are:

- 1-Anything that creates fear hatred and or division is never of divine origin.
- 2-Jesus will never incarnate again, because another physical teacher will only lead to us focusing on the teacher rather than the message.
- 3- All messages from apparitions that are not about God’s love for us are from the powers beneath the veil.
- 4-All scripture is multi-layered and even apparent errors will lead you to the truth.
- 5-Each and every piece of channeled information is a mixture of truth and lies.
- 6-Anything you experience with your five senses has to come through the astral plane; this is why you cannot trust apparitions without question.
- 7- At this time- You must never put yourself in an altered state of consciousness (as in channeling spirits).

Spiral Diagram showing the updated Chakra system, of which the Stages are based.

Mars represents STAGE 1 and the faculty of Reason. This stage signifies the awakening of the individual to re-examining their belief system from a new perspective. We will begin by using the hypothesis proposed in *THE GOOD NEWS REVERBERATION*.

THE GOOD NEWS REVERBERATION provides an overview of much of the material that will be covered in the Initiative. We associated this first stage to the faculty of reason because an individual uses their reason in examining the information in all 7 stages. A copy of the book is available to purchase from Amazon in paperback or Kindle. (Note: 100% of proceeds goes to the I.D.E.A. Foundation to be distributed to Children’s Charities) *THE GOOD NEWS*

REVERBERATION introduces a new way of thinking about Divinity, not connected with any particular religion per say, rather it applies all sacred texts and teachings to Ancient Wisdom

Jupiter is the Astrological energy behind STAGE 2 and represents the cycles of Consciousness Evolution. Originally, this stage was the focus for *LOVE THE COMMON DENOMINATOR* (LCD) and *The Relevance of the Doctrine of Rounds and Root-Races Today* available to download from *Ancient Wisdom for Now* site page.

However, since everything has changed with the end of the Mayan Long Count, or Sixth Wave as well as the beginning of the Age of Aquarius, we felt this stage needed to reflect that. Consequently, we are using it to host our friend and Director Dr. Carl Calleman's regular commentary on how the fluctuations in the 36-day cycle of the Ninth Wave affect the world and our lives.

STAGE THREE represents Venus and Intuition. We associate this stage to intuition, because it is necessary to go within, which is the next level to reason. This stage is the identification of the EGO and in order to identify the Ego we must engage the Higher Self.

The aspect of the consciousness covered in Stage 3 is in the subconscious and presents itself as inner teaching, or intuition. The works of two authors and one of the founders of psychology, Carl Gustav Jung are vital for understanding in this stage and will be covered here. The first author is Eckhart Tolle and his brilliant book *A NEW EARTH Awakening to Your Life's Purpose*. The second is James Redfield and his inspirational *The Celestine Prophecy*.

However, like with Cycles above, due to the shift we have updated the requirements for this stage too. In 2011, we were introduced to the work of Dr. Carol Sue Rosin to promote peace. As our meeting coincided with I.D.E.A.'s new focus, the Bridge to Peace Project, we joined forces. First in promoting her Treaty banning space-based weapons, then in writing her story in *FOR THE CHILDREN*, to raise funds both for the Treaty and also for Children's projects throughout the world. This book relates how the human ego, and counterfeit spirit, Eckhart Tolle's pain-body sabotages our spiritual evolution. Through not only her life story but also ours we show how the false self operates throughout our lives. As with *THE GOOD NEWS REVERBERATION* 100% of the proceeds are donated to the Foundation.

STAGE FOUR represents Saturn and Knowledge. This kind of knowledge is hidden wisdom, which was taught in the Ancient Mystery Schools. Initiates understanding of Archetypes gained from the previous stage will be used in conjunction with the Rider-Waite Tarot Deck for discovering the various levels of individual consciousness in respect to evolution and cosmic consciousness.

Since in 2022 we entered the next level in KTI, we added a summary of our mission, using excerpts from *Our Story 1995-2002: TRUE PHILOSOPHERS' STONE*, and *Our Story 1994: MY LOST*

LOVE. These books cite our journey from Saudi Arabia, to settle in America, along with trips and some important ceremonies. As before, we also include my Commentary from *Ancient Teaching on the EGO in DAPHNA MOORE'S RABBI'S TAROT*, which includes a recolored deck called *RSW Arcanas Tarot* to reflect Daphna's symbolism. These cards have now become the Gateways on our web site to use with the Hidden Codes.

STAGE FIVE represents Mercury and Wisdom. Originally, this stage introduced the Kabbalistic Sephirot in the Tree of Life, as well as examining the chief principles of consciousness, as presented in the first row of the Rider Waite Tarot Tableau.

However, after combining, expanding, and updating the information from *Full Circle: The Mysteries Uncloaked* and *Full Circle: Globe D* into the two volume treatise on Spiritual Evolution, *AMERICA'S HIJACKED DESTINY...* Like the former, this treatise tracks the various archetypal energies affecting the development of human consciousness expansion through the Root-Races, with its main focus being the various incarnations of Christ-like teachers to awaken the real self or Spirit within the individual. This stage also covers the Divine plan on how to correct the “watchers mistake”, allegorically related as the “fall” in the garden of Eden. Examining the consciousness expansion for Humanity today and the future, consequently, Stage 5 now has the treatise's Epilogue.

Stage 6 represents the Moon and Understanding, and takes archetypal imagery to the next level, with the anthology of the Tarot, *BEYOND DIVINATION: The Minor Arcana's Role in Spiritual Transformation*, and *BEYOND DIVINATION: Spiritual Transformation through the Major Arcana*.

The reason we say this takes archetypal imagery to the next level is because we incorporate all the teachings from the Kabbalistic Tree of Life and the Sephirotic consciousnesses in relation to evolution. Also covered is the relevance of colors in wisdom teachings along with the different numbers of accepted elements used in the: 4- traditional, 5-Chinese, and 3-Kabbalistic. These books also lay out how *The Mysteries* were hidden in the Archetypal images, concealed in multiple symbols, numbers, as well as the Cube of Space in respect to the Major Arcana.

Stage 7 is the final stage and represents the Sun and Transformation. As such, we have assigned our two *Daniel's Lion* novels. Originally, we thought that when reached this stage participants would be ready to integrate every aspect of their consciousness and unite all opposites to transform and bring forth the Spirit to spiritualize matter, which is portrayed in the picture below.

The picture above symbolizes the world after the *Know Thyself Initiative*, when 777,000 individuals have changed the way they think, resulting in bringing the “Kingdom of God” within into the world, changing the consciousness of the planet. This is reflective in how Jesus answered the disciples concerning entry into the Kingdom recorded in the Gospel of Thomas “When you make the two one, and when you make the inside like the outside and the outside like the inside, and the above like the below....” The goal of the *Know Thyself Initiative* is to fulfill this directive. Consequently, we have adopted this scripture as the motto for KTI. Ultimately, the way to change the picture of barrenness from the first picture into the abundant paradise, shown below is for 777,000 to complete the Initiative and “change-the-way-they-think.” Another way of looking at this, is the Human Race has successfully transferred to Globe E. We know that there are over a billion potential members and so we ask everyone to ask themselves, “Could I be one of them?” If the answer is “yes” then please register on our website below.
